Dear Supervisors:

**DRAINAGE BENEFIT ASSESSMENT
AREA NOS. 5, 8, 9, 13, 15, 17, 22, 23, 25, AND 26
RESOLUTIONS DETERMINING AND IMPOSING ANNUAL ASSESSMENTS
VICINITY OF QUARTZ HILL
SUPERVISORIAL DISTRICT 5
3 VOTES**

IT IS RECOMMENDED THAT YOUR BOARD:

1. Direct the Executive Officer to file the enclosed Engineer's Reports (Appendix A) prepared by the Director of Public Works describing services provided under Drainage Benefit Assessment Area Nos. 5, 8, 9, 13, 15, 17, 22, 23, 25, and 26; the affected parcels; the cost of the services; and the proposed assessments.
2. Find and determine the cost of the services financed by the assessments to be as set forth in the enclosed reports by the Director of Public Works.
3. Adopt the enclosed Resolutions (Appendix B) Determining and Imposing Annual Assessments for Drainage Benefit Assessment Area Nos. 5, 8, 9, 13, 15, 17, 22, 23, 25, and 26 for Fiscal Year 2004-05.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

Drainage Benefit Assessment Area (DBAA) Nos. 5, 8, 9, 13, 15, 17, 22, 23, 25, and 26 were formed by your Board on February 12, 1985; May 12, 1987; May 19, 1986; November 21, 1986; January 28, 1988; March 30, 1989; February 14, 1989; June 22, 1989; February 15, 1990; and September 27, 1990, respectively. These DBAAs were formed pursuant to the Benefit Assessment Act of 1982 to finance the maintenance, operation, and improvement of drainage facilities constructed and dedicated as required for the recordation of various tracts in the vicinity of Quartz Hill.

The Benefit Assessment Act of 1982 requires your Board to annually determine the cost of service financed by the assessment and, by ordinance or resolution, determine and impose the assessment.

The assessments are essential for the maintenance, operation, and improvement of existing drainage facilities located outside the boundaries of the Los Angeles County Flood Control District.

Implementation of Strategic Plan Goals

This action is consistent with the County's Strategic Plan Goal of Fiscal Responsibility as these drainage benefit assessments provide sufficient funds to continue maintaining the flood control systems in a safe and effective operating condition. It also satisfies the goal of Service Excellence since maintaining the flood control facilities provide flood protection to residents, which improves the quality of life in the County.

FISCAL IMPACT/FINANCING

There is no impact to the General Fund as a result of this action. The annual assessments for Fiscal Year 2004-05 are proposed to remain the same as those assessed in Fiscal Year 2003-04. The assessments range between \$50 and \$341 per benefit unit (single-family residence) depending on the number of properties assessed and necessary level of maintenance in each DBAA. The total assessments to be collected for the ten DBAAs equal to \$78,302.47.

Sufficient funds were available in the current DBAA's fiscal year budget to prepare the Engineer's Report for each DBAA.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

Since these flood control facilities and assessments already exist and there is no subsequent increase in assessments, Proposition 218, Article XIII D, Section 5(a), exempts your Board from holding a public hearing otherwise required for new or increased assessments.

The enclosed Resolutions Determining and Imposing Annual Assessments have been approved as to form by County Counsel.

The annual assessments cover the maintenance, operation, and improvement costs of drainage facilities required for the protection of area residences and businesses.

ENVIRONMENTAL DOCUMENTATION

The California Environmental Quality Act does not apply to the levying of annual assessments for DBAAs according to Section 21080(b)(8) of the Public Resource Code.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

If the assessments are not approved and the facilities are not maintained at current levels, affected properties may be subject to greater impacts during storm events.

CONCLUSION

Please return two approved copies of this letter and one conformed copy of each Resolution to us.

Respectfully submitted,

JAMES A. NOYES
Director of Public Works

April 2004

1. Description of the Services

The proposed services involve the maintenance, operation, and improvement of drainage facilities constructed for Tract No. 44440 and Tentative Tract No. 51587 near Avenue L-8 and 42nd Street West in the vicinity of Quartz Hill. The facilities consist of a retention basin, inlet structure, block wall, fencing, and gates.

Maintenance, operation, and improvement may include, but are not limited to:

- a. Periodic inspection and evaluation of facilities.
- b. Weed control, insect control, and removal of vegetation and litter as needed.
- c. Periodic pumping of the basin and responding to complaints by residents.
- d. Repair of block wall and gates as needed.
- e. Any other maintenance work needed to ensure the facilities operate properly.

The estimated maintenance cost for Fiscal Year 2004-05 is \$6,600.

2. Description of Each Parcel

Drainage Benefit Assessment Area No. 13 is presently comprised of Lots 1 through 37 of Tract No. 44440, recorded in Book 1193, pages 11 to 14 of maps in the office of the Registrar-Recorder and Tentative Tract No. 51587 (Assessor's Parcel No. 3103-28-24).

3. Basis and Schedule of Benefit

The basis of benefit was determined to be a buildable parcel, i.e., 1 buildable parcel = 1 benefit unit. There are 36 buildable parcels in Tract No. 44440. Recordation of the final map for Tract No. 51587 will create an additional 96 buildable parcels completing the total of 132 buildable parcels for both of the recorded tracts. Assessor's Parcel No. 3103-031-037 is occupied by the retention basin and is not assessed.

Thus, the schedule of benefit is as follows:

$$\$6,600/132 = \$50 \text{ per unit}$$

4. Proposed Assessment for Each Parcel

April 2004

1. Description of the Services

The proposed services involves the maintenance, operation, and improvement of drainage facilities constructed for Tract No. 37571 and a portion of Tract No. 11760, located near Avenue M-8 and 50th Street West in the vicinity of Quartz Hill. The facilities consist of an open channel, storm drain, one retention basin, catch basins, block wall, and fences.

Maintenance, operation, and improvement may include, but are not limited to:

- a. Periodic inspection and evaluation of the facilities.
- b. Periodic clean out of catch basins.
- c. Weed control, insect control, and removal of vegetation and litter as needed.
- d. Periodic pumping of the basin and responding to complaints by residents.
- e. Repair of block wall and gates as needed.
- f. Any other maintenance work needed to ensure the facilities operate properly.

The assessment to be levied for Fiscal Year 2004-05 is \$13,853.82.

2. Description of Each Parcel

Drainage Benefit Assessment Area No. 17 is comprised of Lots 1 to 134 of Tract No. 37571 recorded in Book 1087, pages 16 to 20; and Lots 136 to 139, 148, and 149 of Tract No. 11760, recorded in Book 216, pages 1 to 4 of maps in the office of the Registrar-Recorder.

3. Basis and Schedule of Benefit

The basis of benefit was determined to be a buildable parcel, i.e., 1 buildable parcel = 1 benefit unit. Tract No. 37571 has 126 buildable parcels. The adjacent area, portion of Tract No. 11760, has the potential of being divided into 12 buildable parcels. Assessor's Parcel Nos. 3101-044-900 to 3101-044-907 are occupied by the retention basin and are not assessed.

Thus the schedule of benefit is as follows:

$\$13,853.82/138 = \100.39 per unit.

The facilities consist of a retention basin, storm drain, swale, catch basins, outlet structures, fencing, block wall, and access gates.

Maintenance, operation and improvement may include, but are not limited to:

- a. Periodic inspection and evaluation of the facilities.
- b. Periodic clean out of catch basins.
- c. Weed control, insect control, and removal of vegetation and litter as needed.
- d. Periodic pumping of the basin and responding to complaints by residents.

Drainage Benefit Assessment Area No. 22 is comprised of Lots 1 to 24 of Tract No. 34734, recorded in Book 1118, pages 75 to 77 of maps in the office of the Registrar-Recorder.

3. Basis and Schedule of Benefit

The basis of benefit was determined to be a buildable parcel, i.e., 1 buildable parcel = 1 benefit unit. There are 23 buildable parcels in DBAA No. 22. Assessor's Parcel No. 3101-004-054 is occupied by the retention basin and will not be assessed.

Thus the schedule of benefit is as follows:

$\$4,191.29/23 = \182.23 per unit.

4. Proposed Assessment for Each Parcel

The assessment amount and the benefit units for each parcel is shown below:

(Pursuant To The Benefit Assessment Act Of 1982)

Drainage Benefit Assessment Area No. 25
Tract No. 46068 And Tentative Tract No. 52394

Prepared By
James A. Noyes
Director Of Public Works

Programs Development Division
P.O. Box 1460

April 2004

1. Description of the Services

The proposed services involves the maintenance, operation, and improvement of drainage facilities constructed for Tract No. 46068 and Tentative Tract No. 52390 located near Avenue L-8 and 45th Street West in the vicinity of Quartz Hill. The facilities consist of a retention basin, catch basins, outlet structure, block wall, access gate, and driveway.

Maintenance, operation, and improvement may include, but are not limited to:

- a. Periodic inspection and evaluation of the facilities.
- b. Periodic clean out of catch basins.
- c. Weed control, insect control, and removal of vegetation and litter as needed.
- d. Periodic pumping of the basin and responding to complaints by residents.
- e. Repair of block wall and gates as needed.
- f. Any other maintenance work needed to ensure the facilities operate properly

The assessment to be levied for Fiscal Year 2004-05 is \$5,600.

2. Description of Each Parcel

Drainage Benefit Assessment Area No. 25 is comprised of Lots 1 to 37 of Tract No. 46068, recorded in Book 1142, pages 11 to 17, of maps in the office of the Registrar-Recorder, and Tentative Tract No. 52394 (Assessor's Parcel Nos. 3103-028-019 and 3103-028-020).

3. Basis and Schedule of Benefit

The basis of benefit was determined to be a buildable parcel, i.e., 1 buildable parcel = 1 benefit unit. There are 50 buildable parcels in Tract No. 46068. Recordation of the final map for Tract No. 52394 will create an additional 68 buildable parcels completing the total of 118 buildable parcels for both of the recorded tracts. Assessor's Parcel Nos. 3103-029-011 to 3103-029-014 are occupied by the retention basin and are not assessed.

Thus, the schedule of benefit is as follows:

$\$5,600.00/118 = \47.46 per unit.
